To whom it may concern,

POWERTANK NZ

This letter serves to endorse the Powertank NZ system which we have in use in the Nando's New Zealand business.

We find having a Powertank in our Restaurants a great time and money saver for our busy kitchens. It increases our efficiency whilst getting far cleaner results that we can get by hand cleaning.

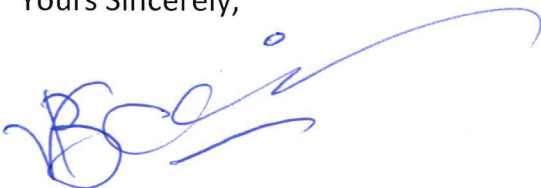

The other big factor in choosing the Powertank system is the safety factor for our Staff.

Our Powertank is one of the most used and important pieces of equipment in the kitchen and subsequently this is a Nando's specified piece of equipment we install into all new restaurants.

The service we get from Powertank is on time and reliable. They merge into our schedule without disruptions to the staff.

I would strongly recommend Powertank NZ.

Yours Sincerely,

Victor Milne
